The Board proposes that the General Meeting approves remuneration to the auditor.

11. Authorisation from the General Meeting to the Board for acquisition of own shares

The Board proposes that the General Meeting issues a new authorisation for acquisition of own shares. The motivation for asking the General Meeting for such new authorization is to allow the Board to optimize the Company's capital structure through buyback of shares and possible subsequent cancellation of shares or sale of own shares in any way the Board of Directors find appropriate.

The authorisation is limited to an acquisition of up to 10 % of the total number of shares in Protector Forsikring ASA.

The Board proposes the General Meeting to pass the following resolution:

(a) The General Meeting of shareholders of Protector Forsikring ASA hereby authorises the Board to let the Company acquire up to 10% (8 250 000 shares) of the total shares of Protector Forsikring ASA with a total nominal value of NOK 8 250 000 in the market.

(b) Such purchases shall be at such times and at such prices as the Board determines from time to time, provided however, that the purchase price per share shall not be less than NOK 1 and not more than NOK 200.

(c) Shares acquired pursuant to this proxy or earlier proxies can be used for cancellation or be sold in any way the Board finds appropriate.

(d)
This authorisation is valid from adoption until the next Annual General Meeting in 2023. However, the authorisation is valid no longer than until 30 June 2023.

12. Authorisation to the Board of Directors to increase share capital through issue of new shares

The Board proposes that the General Meeting issue a new authorisation to increase share capital through the issue of new shares.

The reason for this proposal is that the authorisation will simplify procedures if it should prove desirable to further develop Protector's core businesses by acquiring companies in return for consideration in the form of issue of new shares or by otherwise increasing share capital by means of private or public placings.

The Board of Directors proposes the following resolution, cf. sections 10-14 to 10-19 of the Public Limited Liability Companies Act:

The Board of Directors is authorised to increase share capital through the issue of new shares with an aggregate nominal value of up to NOK 8,250,000, divided on 8,250,000 shares, each with a nominal value of NOK 1. This authorisation may be used for one or more share issues.

The Board of Directors may decide to deviate from the pre-emptive right of shareholders to subscribe for shares pursuant to section 10-4 of the Public Limited Liability Companies Act.

The Board of Directors may decide that payment for the shares shall be effected in assets other than cash, including by way of set-off or the right to subject the company to special obligations pursuant to section 10-2 of the Public Limited Liability Companies Act.

The authorisation also applies to decisions to merge pursuant to section 13-5 of the Public Limited Liability Companies Act.

This authorization is valid from adoption until the next Annual General Meeting in 2023. However, the authorisation is valid no longer than until 30 June 2023.

13. Authorisation to the Board to raise subordinated loans and other external debt financing

The Board proposes that the General Meeting issue a new authorisation to raise subordinated loans or other external debt financing. Such authorisation will simplify the process of optimizing the company's capital structure.

The Board proposes the following resolution:

The Board is hereby authorised to raise subordinated loans and other external debt financing limited upwards to MNOK 2,500 and on the conditions set by the Board. The authorisation is valid until the annual General Meeting in 2023, however no longer than until 30 June 2023.

14. Authorisation to the Board to decide the distribution of dividends

The Board proposes that the General Meeting issue a new authorisation to distribute dividends. Such authorisation is conditional on the company having a dividend capacity pursuant to the last approved annual accounts.

An authorisation to the Board to distribute dividends will give the company flexibility and mean that the company, based on dividend capacity in accordance with the most recently approved annual accounts, can distribute several dividends without having to convene an extraordinary General Meeting.

Within the limits that follows from the authorisation and the Public Limited Liability Companies Act, the Board decides whether the

authorisation is to be used, whether it is to be used one or more times, the size of the individual dividend payment, etc.

The Board proposes the following resolution:

The Board is authorised to make decisions about the distribution of dividends on the basis of the company's annual accounts for 2021, cf. the Public Limited Liability Companies Act § 8-2 (2), in line with the adopted capital strategy and dividend policy.

The authorisation is valid until the Annual General Meeting in 2023, but no longer than until 30 June 2023.

The company has issued in total 82,500,000 shares of which the company as per the date of the notice owns 128,031 own shares. The company cannot exercise its vote on its own shares. Except for these shares, each share has one vote.
